- 1. This approval is valid for 1 year from the date of this letter
- 2. The above approval does not relieve the Contractors in complying with RSB guidelines and ADDC standards that are applied to the LV Switchgear and Panel Boards
- 3. All the breakers (both the incoming and outgoing) shall be restricted to the components used in the test or to be tested by any of the approved certified authorities
- 4. Submission of certificate of conformity for every switchgear assembly, at every delivery
- Provision of the performance data of the switchgear from the owners 5. of the installation for a period of 1 year
- 6. Any malfunction or repeated faults during this period may lead to the cancellation of the ADDC approval.
- 7. It is the responsibly of the manufacturer to comply with any updated IEC standards that would be released during these period by means of additional test as required.
- It is the responsibility of the supplier to keep their customer aware of the special conditions stated in the test reports that restrict the use of the approved material at different connection environment.
- The company should be registered in ADWEA (www.adwea.ae)
- 10. This shall supersede earlier issued approvals reference:
  - a. ADDC/LVSGC/14/0705091864 dated 24/2/2014
  - b. ADDC/LVSGC/TAH/1006030/13 dated 13/6/2013

Regards

ENG. TARIQ ALI AL-HASHEMI

Chairman, Low Voltage Switchgear Committee (LVSGC)
