

90 MCB

The 90 MCB modular circuit protection devices offer a wide range of models to meet any overcurrent or short-circuiting protection requirement in all domestic, industrial and commercial applications. The range includes compact MTC, conventional MT and high performance MTHP miniature circuit breakers.

90 PV

The 90 PV range is able to satisfy the most varying photovoltaic plant engineering requirements, from the residential context to the commercial/industrial sector. The range offers pre-wired string boards and specific modular products in DC.

MTX AND 97 MSS

The MTX and 97 MSS ranges are the ideal solution for the protection, control and isolation of advanced industrial and commercial systems. They are robust, reliable and offer considerable capacity in terms of breaking capacity. They can be integrated with the boards of the 47 CVX range.
